CAREER FOCUS

I'm a web development student focused on building responsive, user-focused web experiences and expanding my skills across frontend and backend development. I enjoy learning new technologies through hands-on projects and am eager to contribute to real-world development while continuing to grow as a developer.

EDUCATION

Jadavpur University — B.Pharm | 2025–2029
WBJEE — GMR 4703
Oriental Public School, Kalyani, Nadia — Class XII
Kalyani Central Model School, Kalyani, Nadia — Class X

PROJECTS

Coffee Corner — Café Website | Framer, Figma | Jul 2026 [Live](#)

- Designed and built a design-focused café website in Framer with emphasis on visual composition, typography, layout, and interaction.
- Created the site as a visual brand presence with a responsive presentation.

Interior Designer Sample Website | HTML, CSS, JavaScript | Sept 2026 [Live](#)

- Designed and developed a responsive portfolio-style website for an interior design studio concept.
- Focused on presenting spaces and design work through structured layouts and visual storytelling.

Salon Website | Framer | Sep 2026 [Live](#)

- Designed and built a modern salon website focused on services, visual identity, and responsive presentation.
- Implemented interactive animations and smooth transitions to create an engaging browsing experience.

E-commerce Visual Catalogue | React, Redux, React Router | Sep 2026

- Built a responsive product catalogue for browsing products, categories, and individual product pages.
- Implemented React state management for dynamic product interactions and React Router for navigation.

FREELANCE WEB DEVELOPMENT

Freelance Web Developer | 2026–Present

- Currently working on website projects for small businesses and design-focused client requirements, translating visual ideas into responsive web experiences.
- Developed an understanding of client requirements, helped define project scope and priorities, and translated ideas into responsive web experiences through design and development.
